PERSONNAL PROFILE

A dedicated web development student at Algonquin College with a strong academic background, including making the Dean's Honours List with a 3.9 GPA. I bring hands-on experience in front-end development using HTML5, CSS3, and JavaScript, along with a solid foundation in object-oriented programming with Python and C#. With previous management and technical roles, I offer strong problem-solving skills, a proven ability to collaborate effectively in teams, and a commitment to continuous learning. Eager to gain practical work experience and further enhance my skills in a dynamic development environment.
